

Virtual Ambassador Question Guide

What will I be doing?

After clicking the link to join the session the member of the delivery team will allow you access to the session and they will briefly introduce the school and the session, so you have a sense of what the students have been doing.

They will also introduce you to the class and then you will be asked to give a short introduction or a presentation about your career/job role after this then the students are usually engaged and want to ask you questions about your career.

The delivery team member will get the Q&A started by asking you a question this will then be followed up by questions from the students which will be hosted by the delivery team member who will facilitate this.
